NOTA AUTORILOR

Scrisul, la fel ca orice altă deprindere, se formează prin exerciții.

Prezentul caiet oferă un material de suport pentru etapa de debut a actului grafic, suport pentru exersarea și consolidarea diferitelor semne, linii și combinații pe care elevii le vor regăsi, apoi, în scrierea literelor și a cifrelor.

Exercițiile propuse sunt organizate într-o succesiune graduală, din punctul de vedere al complexității și dificultății actului grafic pentru deprinderea scrierii semnelor grafice. Trasarea acestora după model, prin imitare și independent contribuie la formarea deprinderii de atingere fină și de alunecare a vârfului creionului pe hârtie, învățând elevii să sesizeze diferențele dintre elementele grafice. Astfel, fiecare exercițiu contribuie la formarea reprezentărilor de formă, mărime, direcție, vecinătate și la consolidarea motricității fine prin coordonarea motrică și coordonarea ochi-mână.
